----- Clay Artist

# Artist Profile

---

Since 1992, Michiyo has been working as a clay artist. She had clay craft workshops in New York, USA utilizing her experience in TV and magazine production.

After returning to Japan in 1997, she established "こねこねランド" (ConeCone Land / [coneconeland.com](http://coneconeland.com)) to promote the beauty of clay art. She has been creating clay art figurines for the openings of many popular TV programs, TV commercials main visuals for events, picture books, as well as products for children.

She soon realized that clay art has a wonderful function as a tool to connect and interact with people. Therefore she began classes for both children and adults and the enthusiasts and likeminded can gather and enjoy crafting clay art comfortably.

She is actively promoting the use of clay across Japan which has great potential as a medium to provide time and place which enable people to explore, touch, play, be creative and enjoy crafting clay art.
